### Ref. nr.: 180.217

INSTRUCTION MANUAL

V1.1

ENGLISH

Congratulations to the purchase of this Vonyx product. Please read this manual thoroughly prior to using the product in order to benefit fully from all features.

This product is a stand for all standard laptop computers and MIDI-controllers. Please make sure, that all screws used to fix the various components are tightly bolted down in order to avoid any accident.

ASSEMBLY INSTRUCTIONS

Step 1: Tightening the tube and base with screw and washer.

Step 2 : Using the hexagon wrench and screw to fix the top plate and tube.

Step 3: You can stick EVA to the top plate if you like.

Step 4: For setting the height you need to lock the upper moving tube with pin. Tightening the plastic knob.

Noted: When you adjust the height, you need to remove the speaker from the stand.
